## How to be successful in college

*This article was written by former LCC English instructor Jacqueline Hampleman*

Going to college is the best investment you can make. If there is one secret to college success it would be to remember why you are here. Always keep your goal and dreams in your mind throughout your whole college career. That not only keeps you motivated, it also keeps you from being discouraged. In addition to keeping your focus, there are several ways to be a successful student. Having the right attitude is a start; but are there any spe-

Even though there are no miracle answers, here are some good strategies to help you achieve your goal.

Attendance – one of the best ways to be successful in college is to attend all classes.
