LCC to open game room

Victor Ramirez says this is just a start

Most things start off as a vision. And one of the visions for last year's Luna Community College's Student Government is coming to light.

An initiative last fall, a game room is planned to be opened on the first day of classes in August. It will be located in room 116 of the School of Business.

"We want to let students know that this will be here," said LCC Student Government President Victor Ramirez.

As it is right now, the game room has one pool table, three foosball tables and two ping pong tables.

"We're looking at the finances right now," said Ramirez. "We're hoping to bring in a big screen television at some point. This will be a great place for clubs and organizations to set up and have bake sales at."

Student Government President Victor Ramirez stands in the college's game room. Ramirez says the game room is scheduled to open on Monday, Aug. 25, the first day of fall classes.

Luna Community College students Joseph Moreno, Anastazia Alvarez and Erica Chavez enjoy a sundae at an ice-cream social sponsored by the Student Academic Advancement Institute on Wednesday. The ice-cream social was held at the LCC Humanities Department.
