## LCC baseball and softball team joining Western Junior College Athletic Conference

**Antonio Siqueiros**

**Meredith Gilpin**

**Ron Gonzales**

After years of competing as an independent, both the Luna Community College baseball and softball team are joining a conference.

On Tuesday, Luna Community College Athletic Director Ron Gonzales received a call that Western Junior College Athletic Conference presidents and athletic directors had voted LCC as its newest member.

“This recognition is a result of hard work, discipline, meeting stringent conference requirements and proving that Luna Community College is prepared to meet the competitive demands of conference play,” said Luna Community College President Dr. Pete Campos.

The Luna Community College baseball team will be entering its eighth season of competition, while the softball team will compete in its fifth season.

“It is very important to get into a conference with regards to further stabilizing the athletic programs at Luna Community College and also raising the bar for Luna athletics,” said Gonzales. “One of the benefits of being in a conference is that it will stabilize the travel of our teams and we will not have to compete as an independent. Being part of this conference brings credibility to the programs.”

Luna Community College competes in Division I of the National Junior College Athletic Association.

“It took proving to the conference that Luna Community College has legitimate programs in baseball and softball,” said Gonzales.
