Online student from Taiwan thanks Luna Community College

The following is a letter by Diana Watson who is taking an online class from Taiwan.

Greetings from Taiwan! My name is Diana Watson and I am originally from Philadelphia, Pa.; however for the past seven years I would call Taiwan my home. I originally came here as an international teacher. In Taiwan the people are so friendly and everything is so safe. I guess that is the reason I am still here!

Living here is so easy; the only challenge is learning Mandarin. In many ways I think astrophysics would have been easier, for after seven years living and speaking the language, I still speak like a five year-old!

The food is probably the most interesting part about living here. The Chinese have a saying that anything that flies, anything that swims, or anything that crawls can be eaten. So the Chinese

Diana Watson

eat about anything you can possibly imagine. There's nothing like going to a restaurant for dinner and looking at a chicken's head with its eyes staring right

at you!

For now I have stopped teaching in international schools, but I keep busy substitute teaching, tutoring special-needs students, studying Mandarin and participating in Toastmasters.

This year is Dragon Year, which is supposed to be a lucky year for everyone. Already I feel lucky that I was able to enroll in this course, learn so much from Instructor Elaine Ortega, and meet such wonderful classmates, all for such an amazing price! Taking e-Commerce is a lot of work, but I am trying to do my best to learn as much as I can because one day I would like to have my own business out of my house. So far the Introduction to E-commerce Mktg 203 class is getting me started on my way! Thank you Luna Community College!

LCC Student Ralph Archuleta recently finished 5th at the GNC San Diego Bodybuilding Championships. Archuleta competed in the combined light heavyweight and heavy-weight division. He is pictured here with his daughter Affinity.

A reminder that from 1 p.m. to 3 p.m. on Saturday, March 24 the LCC Student Government will be sponsoring a Softball Tailgate BBQ at Rodriguez Park.

Online classes are convenient

Hi everyone. I am sharing a story of a wonderful student who is currently enrolled in my online class E-Commerce this spring semester. In communicating information with this student regarding cultures, I found Diana is currently living in Taiwan. She shared with me the culture of Taiwan which I found quite interesting and thought I'd share with Luna Community College and the Community.

It's amazing how she indicates that she either rides her bicycle or scooter to her destinations; saving fuel gas and exercising at the same time. It just reminds me how feasible and convenient it is to (for any student from a distance) sign up for our classes in Business Administration (AAS), as they can earn an associate completely online or just take classes to enhance their careers.—**Elaine Ortega, LCC Business Instructor**
