LCC quilting students donating to CASA

Luna Community College quilting and sewing students will be donating pillows, pillow cases and stuffed animals to children that are with Court Appointed Special Advocate (CASA) in Las Vegas.

“This is the second year we do this,” said LCC Quilting and Sewing Instructor Lin Chibante. “Last year we gave 18 pillow sets to CASA; our goal is to give them 80 to 100 this year.”

Chibante said that the reason for the dramatic increase is to ensure that every child receives a pillow set and a stuffed animal.

“All the stuffed animals are donated and we have to buy the pillows. The fabric is also donated,” said Chibante. “We have 26 students that are working on this project. They all bring in fabric and stuffed animals. We try to do a community project once a year.”

Next semester, the LCC quilting and sewing classes will showcase their quilts in May at Gallery 140 on Bridge St.

“The students learn a lot in these courses,” said Chibante. “Students learn techniques that you can’t learn at home. Students also study and design and explore current trends in quilting.”

Chibante says that there is a big movement in quilting across the United States. Anyone interested in taking classes can call Chibante, 505/454-2530.

Luna Community College Student Government President Amanda Martinez is sworn in as an ex-officio member of the board of trustees during a ceremony on Wednesday. Martinez is a cosmetology student.

Luna Community College Quilting and Sewing students work on pillow cases and stuffed animals that they will donate to CASA. Pictured (l-r) are: Josette Martinez, Monica Maestas, Instructor Lin Chibante, Frances Casey, Emilia Rivera, Kathy Archuleta, Pauline Marquez and Bonny Lopez.

**Spring semester registration
begins on Nov. 15**

LCC BOT to choose new district boundaries

The Luna Community College Board of Trustees will be choosing new district boundaries in an upcoming meeting.

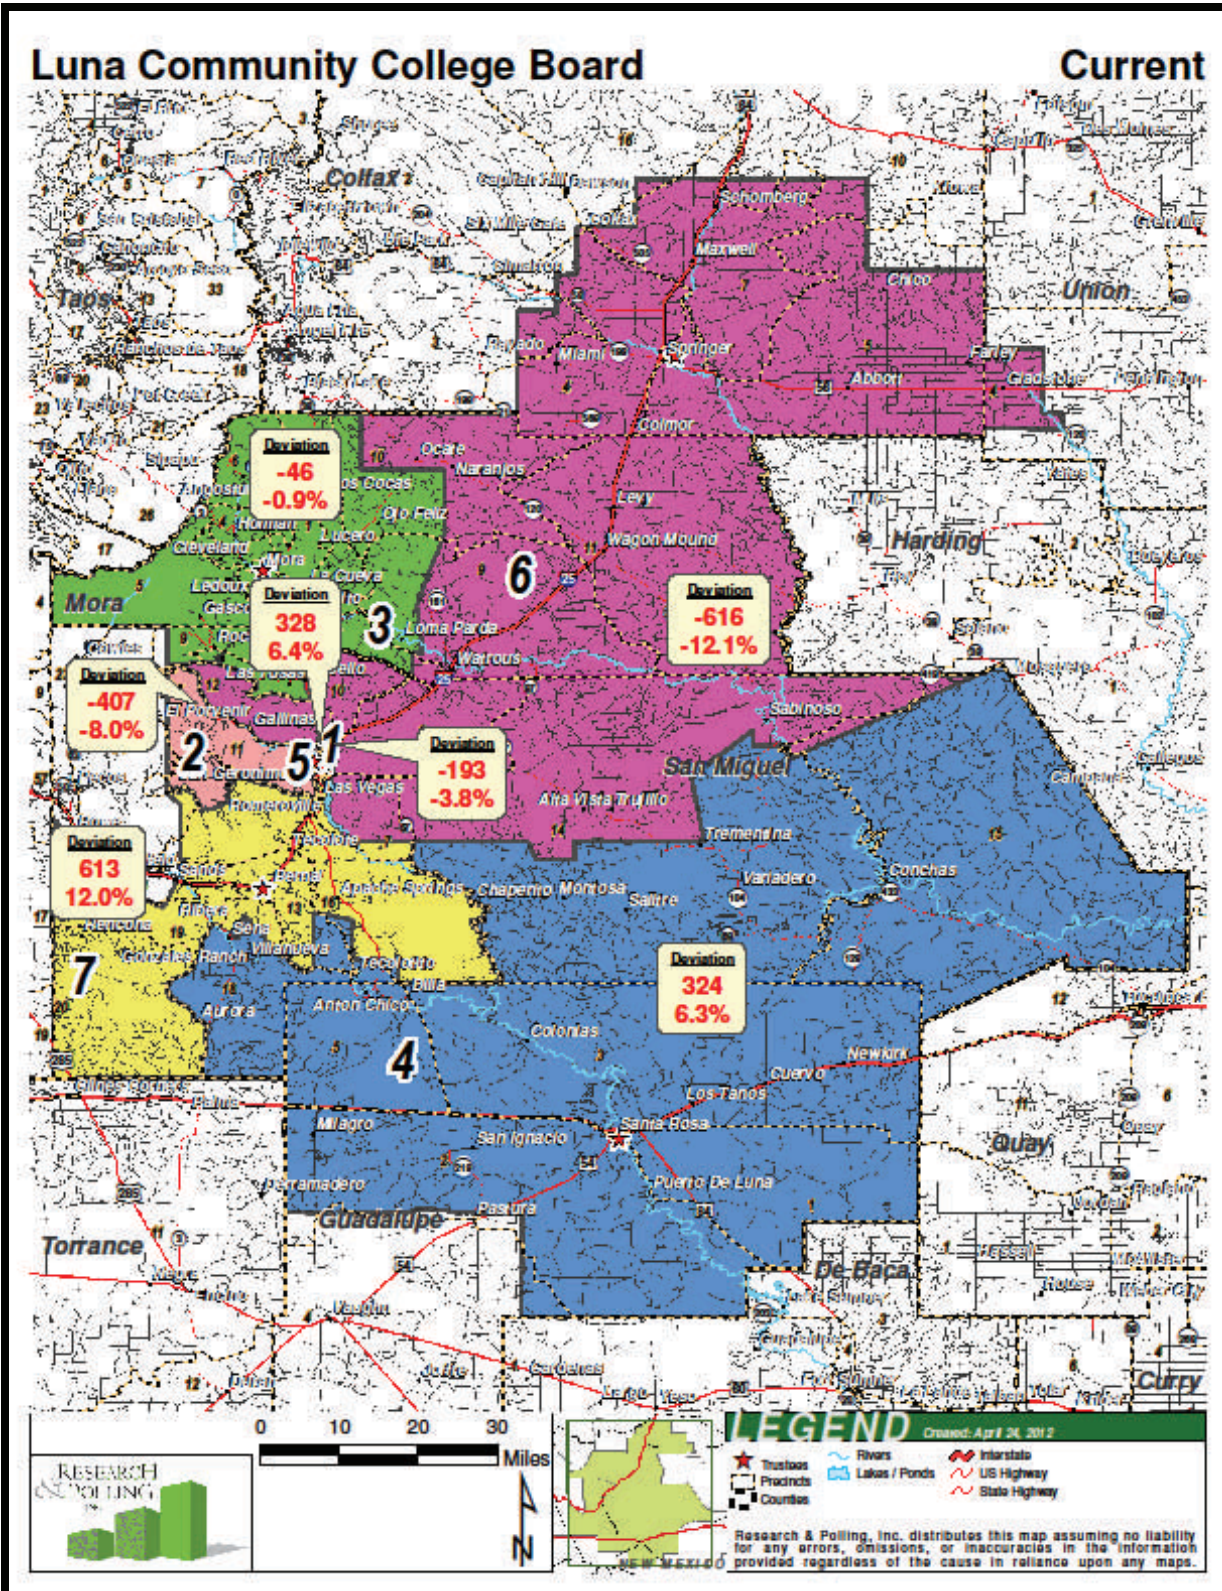

Currently they have five plans to choose from. All plans have districts that are compact, contiguous and meet the principals of redistricting. They are equal in population with a plus or minus five percent deviation. The changes are necessary due to shifts in population from the 2000 to 2010 census.

Several plans have been presented to the board by Michael Sharp, vice president of Research & Polling Inc. out of Albuquerque.

“The process that the board has followed is one that other government jurisdictions have used,” said Sharp.

There are seven districts, one per board member.

Please see below and the following five pages to view the current and proposed maps.
