## The champion

### Santiago Sena wins Action Skills competition; Gallegos, Stafford win silver, Gonzales bronze

Santiago Sena, along with several other Luna Community College students, started the SkillsUSA journey months ago. And for Sena, the journey will continue to the national competition as he took first-place in the Action Skills competition Saturday in Albuquerque.

"It's a good feeling, I didn't think I was going to win it," said Sena. "I have more confidence now. I really liked everything about SkillsUSA and I intend to come back next year."

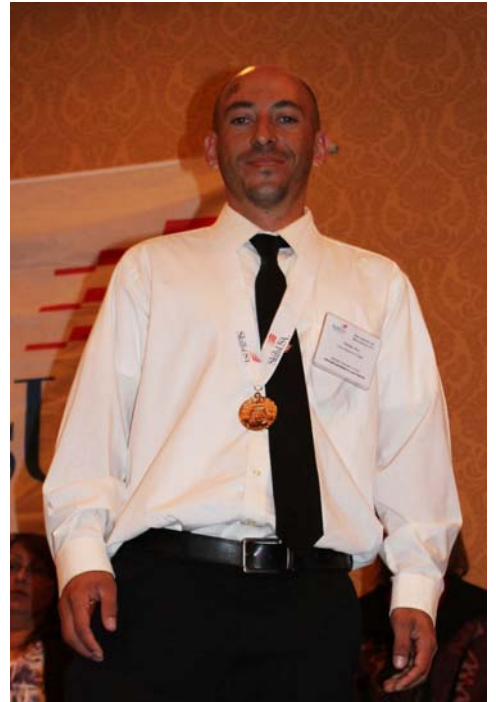

Sena, an automotive technology student, did a demonstration on a starter showing how the power goes through it.

"Don't ever think you can't do something; anything is possible," said Sena.

# Sena, Gallegos, Stafford and Gonzales...

## Continued from page 1

Raquel Gallegos brought home silver in the nail care competition. Perhaps for Gallegos, the journey itself is what makes her a champion.

"It's kind of crazy; I never thought I would be here," said Gallegos moments after winning second-place and holding back tears. "I went from being homeless a few months ago to accomplishing this. It means a lot to me. I worked really hard for it. At one point I almost quit Skills and I'm glad I didn't."

Gallegos said that this past summer she decided to come to Luna and sign up for financial aid.

"Luna has helped me a lot," said Gallegos "With SkillsUSA I have a family at school. Someday I hope to finish school and get my own home."

Terri Stafford also took a silver medal. Stafford competed in commercial baking.

"I am really happy with my performance," said Stafford. "I have a good advisor that provided me a lot of encouragement. There was a lot of trial and error. There were a lot of things in the competition that we learned in class."

Katrina Gonzales was the bronze medalist in cosmetology.

"For it being my first year here it was a good experience," said Gonzales. "It went really well."

Other LCC competitors were: Amberlyn Sena in extemporaneous speaking; Dominic Lopez and Grant Baker in Automotive Service Technologies.

"It was a good experience for us, Luna prepared us well for this competition," said Amberlyn Sena.

Only the first-place winners in each division advance to the national competition in Kansas City in June.

# “Creating Opportunities for You”

By **Dr. Pete Campos**  
LCC President

A consensus arrived at by Luna Community College faculty, staff and a Board of Trustees at a session facilitated by a Quality New Mexico official to select Mission and Vision Statements concurred that given our unique environment and need to educate the area population chose

“Creating Opportunities for You!” as our mission statement. This is a meaningful message that indicates to students we will help them achieve an educational level that will open doors for their career advancement. Brian Tracy, motivational speaker and author, said, “Successful people are always looking for opportunities to help others. Unsuccessful people are always asking, what’s in it for me?”

Northeastern New Mexico is a predominately Hispanic populated region of New Mexico with high levels of underserved, poverty and unemployment. The small communities of our authorized service area lack job and career opportunities and many of those employed are considered to be at or near poverty level.

Community	2010 Census	% Hispanic	% Poverty (2008-2012)
Las Vegas	13,753	80.5%	31.5%
Mora	656	90.4%	16.2% (County)
Pecos	1,392	79.7%	24.6%
Raton	6,885	57.9%	20.7%
Santa Rosa	2,848	79.4%	13.2%
Springer	1,047	64.7%	22.5 %

Source: 2010 U.S. Census

Our goal to provide quality and soundness, transparency and accountability, continuity and stability, academic freedom, affordable access to post-secondary education, and a solid base of evidence is grounded in the following:

- Updated and current governance policies and protocols, annual and timely complaint audits, efficiency driven and student centered budgets, and best practices program assessments that are evidence based and lead to student success.

- A factual and realistic story of who we are, what our struggles have been, how we have weathered the past six years of an uncertain economy and the many positive changes that have benefitted all students and staff who have chosen Luna Community College for their educational advancement and employment careers.

- A strategic plan that has kept us advancing in a positive and right direction and on the pathway to meeting the ever emerging trends in the job market so students will be well prepared with independent thinking skills, certified credentials and lasting optimism and persistence to contribute to life’s demanding and quick changing environment.

The Luna family takes every opportunity possible to ensure that student persistence, retention and completion are the fundamental cor-

nerstone to guide, inspire, educate, and prepare students for personal satisfaction, gaining a better understanding of the need for and the worth of education and the pursuance of career success. Zig Ziglar, difference maker in people’s lives, said, “I’ve always taught that a poor economy is the best opportunity for salespeople because the naysayers and grumblers have already given up, leaving more territory, more opportunities to be successful than in a good economy when virtually all salespeople are out there, giving it their best.”

Your interest, constructive input, and support of Luna Community College is important to the students we serve. Their future success depends on our present efforts and planning for the future! As you review our data and offer solution based suggestions to improve our model as a quality community college, keep in mind - it is worth our collective efforts to invest in and never lose hope that students will succeed. Charles R. Swindoll, pastor and author, said, “We are all faced with a series of great opportunities brilliantly disguised as impossible situations.”
