AUGUST 2013

"Creating a Pathway to Success in High-Demand Programs"

Online Admissions Test

Luna's Rough Rider baseball team testing online admissions applications.

On Saturday, August 24, 2013, the Rough Rider Baseball team were invited to the Title V labs to test out the new online admissions application through Pathways.

Their feedback through a survey is a valuable resource for Title V.

Thank you!

HSI Recognizes Title V program at LCC

The U.S. Department of Education recognized the Luna Community College Title V program for the simulation lab and its state-of-art equipment. This lab will accommodate the nursing students in simulation.

The HSI summer newsletter from the office of Postsecondary Education came out in early August and was distributed to all Title V programs nationwide, and the Department of Education. Title V was notified of this honor by two Department of Education Program Officers, Jeffery Hartman and Richard Gaona.

Laerdal Onsite Training

Laerdal training continues for Title V staff and the LCCNursing Department Faculty. Training consisted of instruction on operation and programming of Simulation Lab mannequins and software. All nursing faculty have participated in these trainings which include Maxine Hughes, Conni Reichert, Jackie Romero, Susan Olson-Smith and Larry Paiz. Laerdal trainer Jason Cunningham conducted a two day training that started on August 13, 2013 to include use of the SimPad and Sim Jr. during simulation.

Laerdal instructor Jason Cunningham conducts a 2 day training on use of the simulation mannequins.

Title V Staff

Lorraine Martinez, Director • Veronica Serna, Activity Director • Tiffany Young, Office Manager
