

LUNA COMMUNITY COLLEGE

XERISCAPING & GARDENING IN NEW MEXICO

COMMUNITY EDUCATION – SUMMER 2009

Gardening in New Mexico can be a challenge! Hot, dry, windy. In this course students will learn about xeriscape gardening principles; how to plan, plant, and care for low-water and non-water gardens; how to seed large areas for drought resistant landscapes. Learn about New Mexico's native plants and trees. A lab fee of \$25 may be collected for plants and materials if planting occurs. COST: \$30

MAY 16 & MAY 23 SATURDAYS 10AM-2PM

LUNA COMMUNITY COLLEGE, Humanities Bldg., Room 101

TAUGHT BY MAGEE NELSON POLER CALL LCC @ 454-2541
