LCC MISSION

Luna Community College is an institution of higher learning committed to serving the changing needs of its student population and the surrounding communities. Its mission is to provide comprehensive education, preparations for relevant employment, and opportunities for life-long learning. The guiding principles of LCC are to:

1. Prepare students for employment in entry-level positions through a broad range of vocational, technical, and professional education programs.
2. Enhance job effectiveness and continue training in keeping up with changes in the job market and technology.
3. Assist students in gaining equitable accessibility to education opportunities.
4. Provide continuing education and community service to northeastern New Mexico.
5. Offer certificates and Associate of Arts and Applied Science degrees.
6. Promote transfer of credits between institutions of higher education.
7. Educate students regarding intellectual, psychological, philosophical, and social issues that address human experience, namely: critical thinking/problem solving, cultural diversity, intra/interpersonal skills, and ethical responsibilities.
