Community Education - Summer 2014

3-DIMENSIONAL CLAY PROJECTS

MAY 17 SATURDAY 8:30am -4pm

LOCATION: SPRINGER LCC

INSTRUCTOR: REY GAYTAN COST: \$35

This fun course is designed for individuals who would like to learn Clay building techniques, process, care and proper use of materials and tools. Students will learn how to use clay and other modeling materials to create sculpture, vessels and tiles. Learn the three clay building techniques: pinch method, coil method and slab method. Also, learn to use proper clay-drying methods and learn to glaze your clay projects.

To register, or for more information , call LCC @ 484-5009
