## Holiday Spirit at LCC planned

Luna Community College will change things up a little bit this holiday season. A Holiday Spirit at Luna Community College will be taking place from Monday, Dec. 1 through Wednesday Dec. 17.

The community will be able to drive or walk through the campus from sun down to 9 p.m. every evening except on Sundays and view light and other holiday displays.

"People will be able to either walk or drive through a self guided tour," said Luna Community College Physical Plant Director Ron Gonzales.

“They can park their cars and take photos. This allows people to see the campus for a two-week period.”

Luna Community College over the years has sponsored a one night luminaria drive. Last year’s luminaria drive was cancelled due to weather conditions.

Gonzales said that the college will start working on the displays as early as next week.

“We may look into bringing back the luminaria drive in the future,” said Gonzales.

Displays such as Tiger and others will be placed around the LCC campus for two weeks.

Register Early for Best Selection of Classes!!

Classes begin Monday, January 12, 2015

Look forward to seeing you here!!

Luna Community College students Marvin Bustos, Lawrence Bustos, LCC Board of Trustees Secretary Daniel Romero and LCC Collision Repair Instructor Anthony Baca recently attended the SEMA/AAPEX Automotive Industry Show. The show offered great industry training and demonstrations on the latest trends, tools, equipment and materials in the automotive industry. The opportunity to network with automotive corporate executives and professionals is very beneficial to LCC. All four individuals went to several educational training classes.

## Holiday spirit wonderland

By Dr. Pete Campos  
LCC President

Luna Community College is taking the extra step this festive season to create a holiday spirit wonderland. We will have many familiar holiday characters on display throughout a 15-day period before we go on winter break so parents, relatives, loved ones and friends can closely view colorful characters like Tiger, Mr. Reindeer, Mr. Penguin, and so many other holiday favorites. Our goal is to let families drive-up, park and get out of their cars and trucks and walk their children right up to the larger than life holiday figures, take pictures and create special memories that will last a lifetime.

We love our children and want them to enjoy their early years. Our children are our most precious gems. They want us to take care of them, hold their hands, hug them and share in their happiness. When they see the holiday characters that make them happy, in their own unique way, they will show excitement. That's why it is important to take pictures of their new and wonderful experienc-

es. The pictures taken will tell the story of the smiles on their faces, their arms wrapped around mommy and daddy, the gleam in their eyes and the joy in their hearts.

**I cannot help but think of the children during this wonderful holiday season and the expressions on their faces when they see our fun display. Their free spirit and wide open eyes will make your visit to see these holiday characters well worth the trip. Our children are excited about this time of year. They want us to forget about our worries, if just for a little while and enjoy this special time with them.**

Their free spirit and wide open eyes will make your visit to see these holiday characters well worth the trip. Our children are excited about this time of year. They want us to forget about our worries, if just for a little while and enjoy this special time with them.

Through the eyes of children we see fun loving innocence and a pure zest for life. They want us to be healthy, energetic and play with them. Take an hour or two one night when our holiday spirit wonderland is open, gather up the family, pose next to the holiday characters and take as many pictures as you like. You never know, it could be one of those pictures that will bring new meaning to your life.

**Notes:** Everyone is encouraged to use caution while driving or walking through our campus.
