Viewing Archives in Blackboard Collaborate

Blackboard Collaborate is the classroom interface where instructors can have voice to voice and face to face interaction with their students. Instructors are able to record class sessions in Blackboard Collaborate which can be very convenient for student if they have to miss a class session and need to watch an archived recording of that class.

Step 1:

Once you are on the homepage of any online class you are taking, to access the Blackboard Collaborate Archives, you would click on the “Online Classroom” link just like you would to access the normal online classroom. If you don’t know how to get to your online class, you should read the FAQ tutorial “Logging into Your Blackboard Account” found inside the Blackboard Help Desk Technical Assistance tab that explains the process if you are unsure of what to do.
