"Creating a Pathway to Success in High-Demand Programs"

VOLUME 3, ISSUE 9

JUNE 2015

Best Wishes & Good Luck Tiffany

Tiffany Young started working at Luna Community College in the Title V Program as the office manager on Oct. 16, 2011. Tiffany's vivacious and welcoming personality were traits that everyone appreciated.

Her work ethic said a lot for her and she was always willing to take her work to the next level. Tiffany would not only do her work, but help others as well. Her smile, demeanor, and sense of humor will be missed by all who worked with her at the college.

Best wishes on your new endeavor at Chandler Gilbert Community College in Arizona!

Tiffany Young worked as the Luna Community College Office Manager

Faculty Training Continues; Electrical Lab Started

Larry Paiz, instructional designer, trains automotive technology faculty in developing classes for auto collision and auto mechanics in Lecture Capture/hybrid delivery in preparation for fall classes. Anthony Baca, Benny Gallegos and Gene Sandoval have been attending the trainings for the past couple of months learning about Blackboard Collaborate in conducting live interaction with students.

Cross Connection contractors have already started the demolition of the building trades project. The electrical lab is the project that Title V will be responsible for. This lab space is for the new electrical wiring program that will start in fall 2015. All equipment for the lab has been purchased.

Title V Staff

Lorraine Martinez, Director • Veronica Serna, Activity Director • Tiffany Young, Office Manager
Lucia Gomez-Vaughan, SimLab Supervisor • Larry Paiz, Instructional Designer
