

STEM Transfer Program – Seminar

June-July 2014

M,T,W,R 5PM-7PM

Location: STEM Department

Instructor: Dr. Vidal Martinez

This seminar is for students who are majoring in a Luna Community College STEM program with the intent to transfer to New Mexico Institute of Mining and Technology. In this seminar, students will explore a variety of STEM topics to inspire interest in science, technology, engineering and mathematics.

Stipends will be given to students who qualify.

Pre-requisite:

Students interested in the **STEM Transfer Program – Seminar** must be enrolled in one or more STEM courses at LCC for summer 2014 semester.

For additional information, contact Dr. Vidal Martinez at 505-670-3305 or email vmartinez@luna.edu
