“Creating a Pathway to Success in High-Demand Programs”

CONGRATULATIONS AUTO COLLISION!

On May 18, 2016 Mr. Skip Saurman, NATEF Automotive Service Consultant, notified Gary Martinez, Vocational Trades Director, that the Automotive Collision Repair program is now NATEF accredited. “Luna Community College Automotive Collision program is the first and only accredited program in the State of New Mexico” stated Mr. Saurman. Mr. Martinez’ effort and diligence in submitting the lengthy application with all required documentation in a timely manner for approval, was vital. Through Title V efforts, tools and equipment were purchased for student use in the Automotive Collision program. Congratulations to Gary Martinez, Director, and Anthony Baca, Instructor, on their success!

SimLab Specialist Enters Photo Contest

Lucia Gomez-Vaughan, SimLab Specialist’s photo was entered in a photo contest for the National Rural Health Association. Lucia talks to Manny, 3G Sim man, and gives him commands. Lucia was demonstrating how Manny responds to questions about medical conditions he was experiencing. Manny is used weekly by nursing students for medical simulations.

Lucia Gomez-Vaughan, SimLab Specialist, demonstrates nursing techniques on the manikin during a tour.
