VOLUME 4, ISSUE 4

JANUARY 2016

*“Creating a Pathway to Success in High-Demand Programs”*

## *Breaking News for January*

- The Annual Performance Report (APR) for Year 3 was submitted to the Department of Education. A months work of preparation, review, and finalization was accomplished by all Title V personnel. The outcome of the report showed an increase in pilot of automotive courses.
- Internal Evaluation Team (IET) Advisory meeting was held January 12, 2016 bringing in the New Year with 19 members present to discuss the current project and initiatives.
- One of the many requirements of the Title V grant is to present the yearly initiatives to the Board of Trustees (BOT) and the President. This was done on January 12, 2016 at the monthly BOT meeting. The hour presentation was informative and the Board had many questions and compliments.
- Larry Paiz, Instructional Designer, continues to train faculty in developing automotive classes to be piloted in the Fall. Technical assistance is also being provided by Larry to students that need support with online classes.
- *Title V continues to order equipment for the Year 4 project in Automotive Technology. A 20 seat computer lab for the students will be provided as well as much needed large automotive equipment. Target date is expected in early March.*
- *The Automotive Technologies Year 4 project is well underway. Before pictures show the construction and renovation currently taking place. Cross Connection Contractors have full occupancy of the building until its completion.*
