## Kirby wins Martinez Short Story Competition

Luna Community College student Brenton Carlton Kirby won the First Annual V-Martinez Short Story Competition.

"I would like to thank all Luna Community College students who participated in the First Annual V-Martinez Short Story Competition," said LCC Vice-President for Academics Dr. Vidal Martinez. "We received very good stories, and the interview committee did a great job with the selection process. It is with great pleasure we recognize the winners."

Students were encouraged to write short stories (fiction) not exceeding 3,000 words. Kirby will receive \$150 and will have his story published in **The Luna Light**. The second-place finisher will also have their story published in **The Luna Light** and a \$50 cash prize.

All stories must have been original and unpublished fiction.

Here are the list of the winners.

**First Place:**

"**Fishing Trip**," by  
Brenton Carlton Kirby

**Second Place:**

"**In Loving Memory**," by  
Joanna Tsyitee

**Honorable Mentions:**

# Albert Campos has been part of the Luna CC family for 27 years

**Name:** Albert Campos Jr.

**Position:** Santa Rosa Campus Director

**How many years at LCC (what year did you start)?** Started August of 1983, completing 27 years

**Favorite food and why?** Chicken—barbequed, fried, baked and however else it can be cooked as long as it's not alive. Our family was in the restaurant business for 32 years and our restaurant served the best chicken ever.

**Favorite hobby and why?** Copper and metal art work, hand-forged metal work, woodworking, automotive building, hunting, and time with my FAMILY. Family is actually my favorite—it wouldn't be hard to live without my other hobbies, but I cannot imagine life without my family.

**Favorite TV show and why?** Not much time for television, But at the moment, and I know it's not a TV show but my favorite channel is MY50 TV, it gives me a chance to see my daughter daily even though she's away from home. She is the

**Albert Campos says that he has the ability to make a person smile or laugh. He believes that everyone should smile and laugh daily.**

MY50TV VJ. And she is awesome.

**Where would you like to see yourself five years from now?** HEALTHY

**What do you like best about LCC?** I have been a part of the LCC family for 27 years. LCC gave me a chance to teach others a trade and to help students succeed after graduation. Through LCC we as instructors and administrators have the ability to give to our students something that no one can take away from them, and that's knowledge and a great education.

**What do you like least about LCC and what would you offer as a solution?**

Some say communication—I tend to not talk about the negative, but if there is something I don't like, I make every effort to fix it.

**What is your greatest strength?** I feel it is the ability to make a person smile or laugh. Something we all need in our daily lives.

## The Guessing Game

**Can you guess which LCC employee's picture this is? The first person to give the right answer will get a free meal from the LCC Rough Rider Grill. You may enter the contest by e-mailing your answer to [jgallegos@luna.edu](mailto:jgallegos@luna.edu) or calling extension 1200. One winner per month.**

## Quote of the Week

**"I laugh, I love, I hope, I try, I hurt, I need, I fear, I cry. And I know you do the same things too. So we're really not that different, me and you,"—Johann Wolfgang von Goethe**

# Moses Marquez: There are a lot of factors that make recruiting successful

*The following is an interview with LCC Interim Director of Admissions and Recruiting Moses Marquez.*

**How is recruiting going this semester?** It has been a busy semester with career/college fairs, tours and also had a LCC caravan of speakers that spoke to high school students about programs at LCC. We have also had to deal with some negative press that seems to remain in peoples mind.

**What are some factors that go into a successful recruiting year?** There are a lot of factors that make recruitment successful; a survey was done by The National Center for Education Statistics that shows the top five recruiting strategies for attracting high school students to your college are 1. Campus visits. 2. Information about major. 3. Web site 4. High school visits by college recruiter. 5. College catalogs and view-book. We take part in four of these factors. We help students navigate the web site.

**What could you do to gain more support from the administration, faculty and staff in your recruiting efforts?** It has been disappointing with the support that we have received during our campus tours and the caravan of speakers; we would have liked to have every department represented in these efforts. We have also been criticized because we give tours to middle and elementary students, but this is the best time to plant higher education in their minds. We have also been criticized because we have late campus tours but this is due to the tour getting a free meal at NMHU and then coming to LCC after their free meal.

**Moses Marquez and his staff often times give speeches to students across New Mexico, especially northern New Mexico.**

**How has recruiting changed over the last 5 to 10 years?** Recruiting has changed a lot. We don't have as much access to the student like we used to, and most schools only allow a certain number of times a college may recruit at their school.

**What is the biggest selling point for Luna Community College?** Our biggest selling point has to be our personal attention, quality education and low tuition.

**What are some of the obstacles you face in recruiting?** We face a lot of obstacles such as the lack of technology that we need in the recruitment and admissions CARS system. Rejection and restriction of travel to schools or

fairs. Negative press whether warranted or unwarranted. Our dwindling population in our service areas.

**What are your plans for the rest of the summer?**

We will be setting up our recruitment booth all around in our service areas, we have some campus tours set up, follow up on prospective students and get ready for fall recruitment. We hope to recruit the entire state.

**How do you think the community views Luna Community College?**

I think we are viewed as just like other community colleges are viewed. No respect. But I think President Obama plans will change some mindsets, he proposed sinking nearly \$12 billion into revamping the country's community college system. The plan would provide \$9 billion in grant money to boost academic programs and raise graduation rates, plus

another \$2.5 billion to upgrade school facilities. It would also fund open-source online courses so that schools don't have to build more classrooms. I was at a conference once and one speaker said if the university system is an ocean liner, community colleges are the speedboats of higher education. If they get more money and use it wisely, the thinking goes; they can produce results in a matter of years. After all, they're designed to respond to the needs of the local community. That's what Luna Community College needs to do is respond to the needs of our communities.

## Alta Vista Regional Hospital CNO Receives Outstanding Achievement Award

**Frank Almendarez**

Frank Almendarez, Chief Nursing Officer of Alta Vista Regional Hospital, has been honored with an Outstanding Achievement Award from Community Health Systems, one of the nation's leading systems of general acute-care hospitals. The organization includes Alta Vista Regional Hospital and over 120 other hospitals in 29 states. The Outstanding Achievement Award recognizes hospital leaders who have demonstrated an ongoing commitment to quality healthcare and operational excellence.

Frank is one of three CNO's who received this recognition in Division IV of the company. He received this acknowledgment for the improvement in patient satisfaction scores, core measures scores, low nursing turnover and reduction in contract labor.

"I am honored for the recognition given by our division leadership," says Almendarez, CNO of AVRH. "This accomplishment is reflective of the great care that our dedicated team of health care professionals along with our medical staff is providing to our patients everyday."
