A note from the CE/DC Office

The Concurrent Enrollment/Dual-Credit Office continues to promote post-secondary educational access and opportunities to high school juniors and seniors. The goal of the department is to establish and nurture partnerships with school districts to enhance current course offerings to high school students. Homeschooled students have also participated in concurrent enrollment which is another great opportunity.

The CE/DC office staff have a primary role as an advocate for students in regards to institutional course offerings, quality advisement, educational support and guidance, and career and workforce awareness. The staff also work diligently and passionately to maintain a positive working relationship with the students, school districts and parents. The CE/DC department is the liaison between the school districts and Luna Community College. We bring forth the suggestions, concerns, recommendations, and requests from school districts, students, parents, and community to the institution in order to promote customer service to meet the needs of each.

The CE/DC office wants to promote a helpful, secure, stable and welcoming environment for students, parents, district, community, and LCC as a whole. The benefits for students and program rely on the institution as a whole. We work very hard at remembering names of students we service. The students have appreciated the attempt for CE/DC staff to remember their names. Students have stated that they feel welcome, are valued, are treated as an individual not a dollar sign or a number. We promote customer service daily and value our customers.

Patricia A. Romero, CE/DC Director

“We are what we repeatedly do. Excellence, then, is not an act, but a habit.” — Aristotle
We would like to thank all high school counselors/designees, course administrators, and proctors for their continued dedication, hard work and perseverance. We truly appreciate all you do for your students.

“Don't be afraid to give your best to what seemingly are small jobs. Every time you conquer one it makes you that much stronger. If you do the little jobs well, the big ones will tend to take care of themselves.” —Dale Carnegie
We would like to wish you and your family a Happy & Safe Holiday Season!
