### Quote of the Week -

"For me and my family personally, September 11 was a reminder that life is fleeting, impermanent, and uncertain. Therefore, we must make use of every moment and nurture it with affection, tenderness, beauty, creativity, and laughter."

- Deepak Chopra

## 9-11, We Remember

Dear Luna Campus Community

As we mark the 24th anniversary of September 11th, I find myself thinking about the lives lost and the profound ways our world changed forever. I grieve for those who lost family members, friends, and colleagues. I am also extremely grateful for the bravery and commitment of everyone who worked to recover from the aftermath of this event and those who served our country at great risk.

For me, this day is a powerful reminder of how precious each moment is. It's a call to choose love, to forgive, to listen, and to respect one another, regardless of our differences, the color of our skin, or our national origins.

I am extremely proud to be president of Luna Community College, and I hope we can continue to grow and learn together.

Carol Linder, President

## A Call for Students to Complete the SENSE Survey

This year Luna Community College is participating in the online version of the annual Survey of Entering Student Engagement (SENSE). This survey went out on Sept. 9 to students who met certain criteria that define them as new, entering students to the college environment.

Some students in one or more of Luna's classes were recipients of the survey request. The results of the survey will help us better understand our students' experiences so that we can help them be more successful.

To all students who received this survey, please complete it! Please check your email for a message from Larry Paiz with a subject line of "Luna Community College Wants Your Input!". Instructions for participating in the survey are in this email. Note that the survey asks students about their overall experience at the college and not specifically about any one class.

The survey is open until October 3<sup>rd</sup>, and students who have not completed it will get a weekly reminder.

## Reminders

- All committees, departments, and individuals with information to share are encouraged to send their knowledge to [sgoodyear@luna.edu](mailto:sgoodyear@luna.edu) each week by 5:00 P.M. on Wednesday (unless otherwise noted) for inclusion in the week's update. If you miss a deadline, don't worry, your information will be included in the following week's update provided it is still timely. When possible, your information should be in tidy bullet points that can easily be added to the basic update format. It is also helpful if you respond to the request for information for the week of the update in the reminder email that was sent out, as it makes it easier for me to find and include what you send in the update. Please submit any pictures in the form of jpegs.
  - Things to consider contributing: News about your departments; community event flyers, news regarding personal triumphs and achievements; classified ads, cool, beautiful, or unusual photos you took and want to share among other things.
  - Thanks to all who shared information for this week's edition of "What's Happening at Luna."
  - If you missed an edition of "What's Happening at Luna," find it here: [https://luna.edu/whats\\_happening](https://luna.edu/whats_happening).

Have a wonderful weekend, Everyone!
