

Pick a team ... build your float ...  
**Join the fun!**  
Help represent Luna in this year's  
**Electric Light Parade!**

LUNA STUDENTS AND EMPLOYEES! Sign up with one of Luna's two teams as we build floats for the upcoming Las Vegas Electric Light Parade. **Anthony Baca's BIG CHILL BRIGADE** will be decorating its float in the auto collision repair shop. **Matt Cordova's COLD WEATHER CREW** will be decorating its float in the Facilities maintenance shop near CTE. Sign up now at the Administration Building receptionist window with Ray Baca. Work on the floats will be ongoing between 10 a.m. and noon and between 1 and 3 p.m. daily Nov. 22 to Dec. 3. Each staff and faculty member will be allowed one hour per week to work on the floats (with

advance approval of department supervisors). A small prize will be given to the winning team as judged by an independent panel.

The **2021 Las Vegas Electric Light Parade: An Enchanted Christmas** will be held Saturday, Dec. 4. Lineup starts at 3:30 p.m., and individual participants should be there by 6 p.m. The parade begins at 6:30 p.m., starting from Fifth and Friedman and ending at Plaza Park. Students and employees are welcome to walk alongside the two Luna floats.
