## **Early Childhood Development Certificate Curriculum Map**

This curriculum map is designed to show how program learning outcomes are introduced, developed, and mastered across courses in the program. Use the following guidance when completing or reviewing the map:

Introduced: Indicates the course provides students with their first exposure to a concept or skill. At this stage, students are expected to demonstrate only a basic understanding.

Developed: Indicates that students gain more in-depth knowledge, practice, and reinforcement of the concept or skill. Students are expected to begin applying what they have learned with increasing independence.

Mastered: Indicates that students can independently and skillfully apply the outcome, demonstrating a high level of understanding and competence appropriate for graduation and entry into the workforce or a 4-year institution.

Courses are listed in rows and PLOs are in columns	Demonstrate mastery in the six areas of study of children Birth through age eight by completing each program course with a "C" or better	Demonstrate competence to work in classrooms with children and families of diverse cultures, linguistic backgrounds and developmental levels that are represented in the State of New Mexico	Create environments that are healthy, respectful, supportive, and encourage each child to reach their full potential.	Create respectful, reciprocal relationships that support and empower families and that involve families in their children's learning.	Demonstrate knowledge of the goals, benefits, and uses of assessment.	Design, implement, and evaluate experiences that promote positive development and learning for all young children.	Demonstrate use of ethical guidelines and other professional standards related to early childhood practice.	Demonstrate mastery in and application of foundational concepts from general education. Successful completion of 31 hours of general core.
