Opportunity for Students

The following five pages of information pertain to webinars for degree-seeking students only. Qualifying students can get compensated for attending any of the following webinars (we realize a few of them are over, but many are still upcoming). Note: Students can only attend and earn credit for a maximum of three webinars. Students can choose any three webinars to attend. They will also need to complete other requirements required by the webinar host in order to get compensated from the NMB2B NSF grant.

Qualifying students earn:

1. \$200 stipend per webinar. Limit is three
2. Students will be sent the Zoom link for each webinar they select after they register and complete the pre-survey.

3. Webinars are offered twice per week. Students only need to attend one of their desired sessions.

#3: Growth Mindset and Well-Being in Your Academic Journey

Tuesday, March 18, 2025 12 noon – 1:00 pm

Friday, March 21, 2025 3:00 pm – 4:00 pm

Moderators Kathryn Montoya, Summer Divine-Ramos, and Logun Pruitt

We all feel overwhelmed at times, especially when big changes happen. This webinar focuses on how to cultivate a growth mindset and prioritize your well-being to thrive academically and personally as you take the next step to a four-year university. You'll learn practical strategies to embrace challenges, overcome setbacks, and turn them into opportunities for growth. We'll explore the science behind the growth mindset and how it can help you build resilience, maintain motivation, and achieve your academic goals.

We'll also dive into the importance of well-being and self-care as key components of your success. From managing stress during rigorous STEM coursework to balancing your academic, personal, and social life, this session will provide you with tools to support your mental and emotional health. Join us to hear inspiring stories from students who have successfully transferred and thrived by focusing on both their mindset and well-being. Let this webinar be your guide to not just surviving, but truly flourishing, as you pursue your STEM dreams!

#4: How You Can Get Involved with Campus Clubs and Organizations

Tuesday, March 25, 2025 12 noon – 1:00 pm

Friday, March 28, 2025 3:00 pm – 4:00 pm

Moderators: Edgar Lira, Nya Hill, and Summer Divine-Ramos

One of the best ways to enhance your college experience, build your network, and make lasting connections is by getting involved in campus clubs and organizations. In this webinar, we'll explore the many opportunities available to you as a transfer student to engage with STEM-focused clubs, honor societies, and student organizations at your 4-year university. You'll discover how these groups can help you deepen your knowledge, develop leadership skills, and even find mentorship and internship opportunities. Whether it's joining a robotics team, participating in research clubs, or connecting with peers through diversity-focused STEM groups, there's a place for everyone to belong and thrive.

We'll also cover tips on how to get involved even before you transfer, including reaching out to campus organizations and attending events as a prospective student. You'll hear from students who've successfully integrated into campus life and how their involvement opened doors to academic and career opportunities. If you're ready to make the most of your transfer experience and find a community that supports your STEM journey, this session is for you!

#5: Building Relationships with Professors and Advisors

Tuesday, April 1, 2025 12 noon – 1:00 pm
Friday, April 4, 2025 3:00 pm – 4:00 pm

Moderators: Summer Divine-Ramos, Edgar Lira, and Avery Legarreta

Your professors and advisors can be some of the most valuable resources on your journey to earning a STEM degree, especially as a transfer student. In this webinar, we'll discuss how to build meaningful relationships with them to support your academic and career goals. You'll learn practical tips for connecting with professors during office hours, asking for guidance, and seeking mentorship in your STEM field. We'll also explore how advisors can help you navigate course planning, transfer requirements, and career preparation, ensuring you stay on track for success.

Strong relationships with faculty and advisors can open doors to research opportunities, recommendation letters, and professional networking connections. Whether you're unsure how to approach a professor or want to make the most of your advising appointments, this webinar is here to guide you. Join us for an encouraging and informative session that will help you feel confident reaching out, asking questions, and building a supportive network as you transition to a 4-year university.

#6: How to Maximize Your Transfer Credits

Wednesday, April 9, 2025 10:30 am – 11:30 am
Friday, April 11, 2025 3:00 pm – 4:00 pm

Moderator: Emily Hervol and Jonathan Esparza

Transferring to a 4-year university is an exciting step, but making sure your hard-earned credits transfer smoothly is key to staying on track for your STEM degree. This webinar will guide you through the process of maximizing your transfer credits to save time and money. We'll discuss how to research transfer agreements, understand course equivalencies, and ensure your community college courses align with the requirements of your future university. You'll also gain tips on advocating for yourself when resolving transfer credit issues and how to avoid taking unnecessary classes.

By the end of this session, you'll feel empowered to make informed decisions about your course selection and transfer process. We'll share real-life examples of students who successfully transferred and minimized credit loss, giving you practical insights to apply to your own journey. Whether you're just starting to plan or are preparing to transfer soon, this webinar will provide the guidance and encouragement you need to make the most of your academic efforts.

New Mexico Bridge to Baccalaureate

#7: Student Success Stories

Monday, April 14, 2024 12 noon – 1:00 pm
Thursday, April 17, 2024 10:30 am – 11:30 am

Moderator: Emily Hervol, Edgar Lira, and Jonathan Esparza

Being the first can sometimes be scary such as being the first in your family to transfer to a 4-year university, don't feel that you're alone. Come and hear from students who've successfully navigated the transfer process. In this webinar, we'll share powerful success stories from students just like you—community college students who overcame challenges, built strong academic foundations, and thrived at their 4-year universities. From navigating transfer requirements to excelling in STEM programs, these students will share their experiences, strategies, and lessons learned along the way.

This session is designed to motivate and encourage you by showing that your goals are achievable with the right mindset and support. You'll gain valuable insights into how they made the most of their community college experience, sought out resources, and took advantage of opportunities to advance their academic and career aspirations. Join us to feel inspired, empowered, and ready to write your own success story as you prepare for this exciting new chapter in your STEM journey!

#8: Opportunities with the New Mexico Alliance for Minority Participation (NM AMP)

Tuesday, April 22, 2025 12 noon – 1:00 pm
Friday, April 25, 2025 3:00 pm – 4:00 pm

Moderators: Jo Latorre and Summer Divine-Ramos

Are you considering transferring to a four-year university in a STEM field after graduation? Join us for an informative webinar about The New Mexico Alliance for Minority Participation (NM AMP) and discover the amazing opportunities designed to help you succeed along your academic and research journey. Whether you're looking for research experience, financial support, or a strong STEM community, we're here to help you!

New Mexico AMP is a welcoming network of universities and colleges committed to increasing the number of underrepresented minority students earning B.S. degrees in STEM disciplines. NM AMP supports targeted students through a broad range of activities, including the Summer Community College Opportunity for Research Experience (SCCORE), the New Mexico AMP Transfer Stipend, and an annual Student Research Conference. Don't miss this chance to learn how we can support your journey — your future in STEM starts here!

Students! Are you interested in the Health Sciences? Wondering where your education can take you? Explore a paid training opportunity in a fast-growing, well-paying industry.

"CT-REx really opened a gateway for me into the world of research. I learned so much about how I can put my degree to work without having to go through lengthy post grad schools."

-2024 trainee

EXPLORE CAREER PROSPECTS IN HEALTH SCIENCES RESEARCH THIS SUMMER

The CT-REx (Clinical & Translational Research Experience) Career Preparation Program invites freshman and sophomores in New Mexico and Arizona to learn about and to experience Health Sciences Research at the University of New Mexico in Albuquerque. The CT-REx Program aims to recruit rural, tribal, and Hispanic college students who are underrepresented in the research workforce.

CT-REx PROGRAM DETAILS: June 2 - July 25, 2025

Over 8 weeks, Trainees will:

- Explore multiple careers in research
- Work alongside skilled research professionals
- Learn the foundational skills of research

You will get training in:

- Lab techniques
- Participant interaction
- Data collection, entry, and reporting
- And so much more!

Benefits of a Career in Health Sciences Research:

- Job security
- Competitive wages
- Fast career pathway to job opportunities

Did You Know?

You don't have to be a doctor or nurse to have a successful career in research. You can begin your career as a Research Coordinator, Lab Tech, or Data Management specialist with a high school diploma or Associate degree.

Trainees will Receive:

- \$5,000 stipend
- Campus-based housing
- Team-building
- Professional networking
- Some meals

Trainees must:

- Be a US citizen or green card holder
- Be willing and able to live on campus for the entire 8 week program
- Be enrolled in an undergraduate program in NM or AZ

Admission: Applications for the 2025 program must be received by **Feb 28, 2025**

APPLY HERE:

<https://redcap.link/ctrex2025>

Contact CT-REx for more information:
ctrex@salud.unm.edu

*Intimidated? No research experience? No problem.
We'll give you everything you need to succeed.*

Nursing – Time for TEAS**NOW ONLINE!**

We help you
take on
the
TEAS!

FREE workshops to help prepare you for the Test of Essential Academic Skills (TEAS) are now being offered at Luna Community College. Contact Vanessa Torres, vatorres@luna.edu or 505-454-2525, to sign up or to get more information.

Workshop schedule

Free TEAS prep
Workshops

WORKSHOP TOPIC	DATE
Intro & pre-test	March 20/5:30 pm
Reading & English	March 24/5:30 pm
Anatomy & Physiology	March 26/5:30 pm
Math	March 31/5:30 pm
Science	April 2/5:30 pm
Conclusion	April 3/5:30 pm

**Take all six free workshops,
and receive a free TEAS Exam!***

NOW ONLINE; E-MAIL FOR

sasanchez@luna.edu

Passing TEAS score is 58.7% overall or higher. There are 24 slots available for qualified applicants for admission in Fall 2025.

Please provide student ID number, phone number, and exam date in the e-mail.

You have up to three attempts per academic year to pass the exam; the fee for each attempt is \$70.

You're advised to set up an account with ATI prior to the exam date; go to atitesting.com, click on Create Account. Use Luna CC ADN for institution, with estimated graduation date of 5/10/2027.

Luna Strong

Timely Care

- Did you know that Luna Community College students, staff and faculty get free, virtual care through the TimelyCare app? That's right! You can access free virtual health and well-being support, as well as self-care content, anytime. Signing up is easy. All you have to do is:
- Download the TimelyCare app or visit timelycare.com/Luna on your web-enabled device.
- Sign in with your school .edu email address.
- Create a profile.
- And that's it! You can start a visit or go to the Self-Care tab on the TimelyCare app for on demand self-care content, including yoga and meditation sessions or scan the QR code.

Have questions? Visit timelycare.com/Luna to get started, or call 1-833-4-TIMELY.

Classifieds

For those with something to buy, sell, or give away.

- Need manure or straw for compost? I have used straw mixed with horse, chicken, and duck manure, free to anyone who wants to pick some up. Please text me, as we don't have a very good cell signal at our place. Sarah Obermeyer (from CCRI) 219.484.6792.

Las Vegas Community Events

- To learn more about the many community events happening in Las Vegas currently and in the future, visit <https://www.plug.events/space/-/las-vegas-new-mexico-united-states/events> and sign up for notifications.

Reminders

- All committees, departments, and individuals with information to share are encouraged to send their knowledge to sgoodyear@luna.edu each week by 5:00 P.M. on Wednesday (unless otherwise noted) for inclusion in the week's update. If you miss a deadline, don't worry, your information will be included in the following week's update provided it is still timely. When possible, your information should be in tidy bullet points that can easily be added to the basic update format. It is also helpful if you respond to the request for information for the week of the update in the reminder email that was sent out, as it makes it easier for me to find and include what you send in the update. Please submit any pictures in the form of jpegs.
- Things to consider contributing: News about your departments; community event flyers, news regarding personal triumphs and achievements; classified ads, cool, beautiful, or unusual photos you took and want to share among other things.
- Thanks to all who shared information for this week's edition of "What's Happening at Luna."
- If you missed an edition of "What's Happening at Luna," find it here: https://luna.edu/whats_happening.

Have a Wonderful Long Weekend, Everyone!
