Early Childhood Education

Early Childhood Multicultural Education: Birth to Grade 3, A.A.; 62 Credit Hours

Early Childhood Development Certificate; 32 Credit Hours

Program Goals

1. Demonstrate mastery in the seven areas of study of children from birth through age eight by successfully completing each program course with a "C" or better.
2. Demonstrate competency to work in classrooms with children and families of diverse cultures, linguistic backgrounds and developmental levels that are represented in the State of New Mexico.
3. Create environments that are healthy, respectful, supportive, and challenging for all children.
4. Create respectful, reciprocal relationships that support and empower families and that involve families in their children's learning.
5. Demonstrate knowledge of the goals, benefits, and uses of assessment.
6. Design, implement, and evaluate experiences that promote positive development and learning for all young children.
7. Demonstrate use of ethical guidelines and other professional standards related to early childhood practice.
8. Demonstrate mastery in and application of foundational concepts from general education.

2015/18 Curriculum Profile

The **Associate of Arts Degree in Early Childhood Multicultural Education** is intended for students whose goal is to pursue a Bachelor's degree in early childhood education or a related field. Educational emphasis is on the children's developmental progress toward competence, interdependence, socialization and the integration of content areas. In New Mexico the Early Childhood Multicultural framework delineates the content children are to learn, the processes through which children achieve the identified curricular goals, what teachers do to help children achieve these goals, and the context in which teaching and learning occur. The curriculum is flexible to facilitate adaptation to our multicultural communities and all children, including those with special needs. The minimum credit hours include the thirty-six credit hour general education transfer core.

2015/18 Curriculum Profile

The **Early Childhood Development Program** provides an innovative and practical approach to early childhood development for children birth through eight years of age. The program is designed to enhance parental and professional growth. The program curriculum is based upon the seven general early childhood education competency areas of the New Mexico Public Education Department in early childhood education (birth to third grade). The majority of the practical experience will occur at the Nick Salazar Early Childhood Education Center Preschool or at an appropriate setting as approved by the faculty advisor. Coursework in the Early Childhood Development Certificate can be applied toward the Associate of Arts Degree in Early Childhood Multicultural Education. Students are strongly encouraged to consult with their LCC advisor for proper advisement and course selection.

Student Graduation (Three-Year Annual Trend)

2015/2016	2016/2017	2017/18
5	3	4

Synopsis of Significant Findings

- The Department was in a transition period in the 2016/2017 SY.
- The entire department experienced turn-over of three of its full-time employees during the Academic Year 2017-2018.
- The institution was put under a show cause order by the HLC.

Program Improvement Plans Implemented or In-Progress

- A director and department advisor were hired.
- Recruitment efforts are underway—multiple contacts have been made with students who have taken at least one class in our department; people who have expressed interest in the program have been contacted several times; participation in institution-wide recruitment events.
- Professional development opportunities are being sought out and submitted for approval such as the NAEYC National Conference, NACADA Conference, NMAEYC Conference, on-going FOCUS training. Other relative trainings as found and/or as necessary will be sought out and submitted for approval.
- Participation in institution-wide committees that help to enhance particular department goals (i.e.-R&C Committee, Academic Leadership Committee, Advisement Sub-Committee, Assessment Panel Team, etc.).
- Use of the 5 Star/CYFD Licensed Preschool as a lab for program students.
- The Director became involved in the Early Childhood Education HED Taskforce.
- The Director, Program Advisor and one adjunct were trained in LCCs new WEAVE program for program assessment. They are working toward inputting all of the Education Department's relative information in to the program.

Advisory Committee Work

This department does not have an advisory committee.

Student Advisement by Semester

A minimum of 15 students were advised by the Administrative Assistant before the Department Director was hired. Thereafter, approximately 25 students were advised by the Administrative Assistant with the advice and consent of the Director or by the Director herself until the Department Advisor's hiring in April 2018. The Department Advisor contacted and/or met with 31 students in her short tenure. The Advisor compiled files and charts for each student.

Advisement per Program since April 2018 to May 2018:	Number of Students Advised per Program:	Number of Graduates in May 2018

Alumni Surveys

This department does not have any alumni surveys on file but plans to develop at least one, which will be sent out by December 2018.

Program Learning Assessment Plan (Weave)

Appendix C provides the program assessment of learning plan created by the faculty.

Student Alumni

This department did not have a tracking plan for its graduating students. However, the new director and the program advisor are developing plans to maintain updated files on its graduates by which yearly contact can be made to gauge their status. Of the six 2018 graduates contact has been maintained with five of them.

Student Alumni Academic Year 2017-2018				
Student	Major	Degree Earned	Term Awarded	After Graduation Plans
1	Early Childhood Multicultural Education: Birth to Grade 3	A.A.	Summer 2018	Attend NMHU; work toward a B.A.
2	Early Childhood Multicultural Education: Birth to Grade 3	A.A.	Spring 2018	Works at a local Daycare/Preschool; Attend NMHU; work toward a B.A.
3	Early Childhood Multicultural Education: Birth to Grade 3	A.A.	Spring 2018	Attend NMHU; work toward a B.A.
5	Teacher Education	A.A.	Spring 2018	Unable to Contact
6	Teacher Education	A.A.	Summer 2018	Plans to continue work toward a B.A. at NMHU

Curriculum Committee Work

The following change will be submitted to the curriculum committee to clarify the credit hour requirement as stated in the 2015-2018 Catalog *from* “Area V. Humanities and Fine Arts (6 Hours)—from at least 2 Different Disciplines” *to* “Area V. Humanities and Fine Arts (3 Hours in Humanities and 3 Hours in Fine Arts).”

The Early Childhood Education HED Taskforce is currently revising the course descriptions, student learning outcomes, syllabi, suggested assignments, etc. for Early Childhood Programs. It is also aligning the programs across NM universities and colleges and validating NM articulation agreements. The program director will revise LCC’s Early Childhood Education programs accordingly and report on any changes that come about as a result.

Final Program Approvals (Board of trustees) approvals to move program forward

There are none to be reported as of the time of this report. However, the Director will submit requests for approvals as the need for program changes come about. In addition, the Education Department will submit requests for travel and permission to attend conferences for professional development to

various conferences for Education Department members as well as the Administrative Assistant. For example, Department members will likely attend the NMNAEYC Conference and Appelbaum Trainings if the travel requests are approved.

Accreditation

The director is researching the requirements for accreditation by the National Association for the Education of Young Children (NAEYC). *Please see comments above in the previous section.*

The Preschool is licensed by CYFD and currently rated as a 5 Star school by FOCUS. The designation enhances the learning of program students because the Preschool serves as a laboratory for quality hands-on teaching and learning experiences guided by program instructors and professional Preschool teachers.

Evaluation of the Program

Summary

The 2017-18 Academic Year was a transitional year for the Early Childhood Education program as it experienced the hiring of new staff in all but one of 5 positions. While there was sufficient program information such as a department strategic plan, course syllabi, student learning outcomes, suggested assignments, etc. to work with there was insufficient and incorrect statistical data to be had. Nevertheless, the data serves as place from which to start. In addition, there has been a concerted effort to maintain greater accuracy for the students and graduates of this particular academic year.

Leadership Challenges

The Early Childhood Education Director was hired in September 2017. By December the Director's qualifications regarding leadership of the Preschool were questioned by the CYFDs Licensing and FOCUS departments which caused some backlash from the staff. By January CYFDs Licensing Department determined that the Director was indeed qualified and by March FOCUS determined the same. The director made concerted efforts to complete the required trainings by CYFD.

Higher Learning Commission Show-Cause Order

Luna Community College was placed under a Show-Cause Order by the HLC on November 8, 2017 because it was out of compliance with a number of HLC's Criteria for Accreditation. As a result of the Show-Cause Order, the Institution focused on preparing its case as to why it should remain accredited. During that time it was actively working toward compliance. The Show-Cause Order served as an impetus for quick and thorough learning about the Education Department including various aspects of the overall institution.

Overall Department Challenges

The Education Department is conscientiously working toward increased program enrollment, retention and completion by participating in recruitment events and contacting former and potential students and actively advising current program students.

The Education Department has had difficulty finding instructors who meet the qualifications set forth by the institution and HLC. Oftentimes, pay is an issue. Two of the long-time adjunct instructors do not have M.A.s but are experienced Early Childhood educators.

Appendix C: Program and Student Assessment of Learning

ECME 135 PRACTICUM FOR CURRICULUM FALL 2018 & SECTION 1 CLOA PRESENTATION

Sandra Crespin
Early Childhood Education
Luna Community College
Adjunct Instructor

Purpose

The purpose of this report is to assess student learning based on the established Course Learning Outcomes for (Practicum for Curriculum Development through Play-Birth through age 4-ECME 135) course. The focus of this report is to document the methods and results of the assessments that were used throughout the course. The results will then be used to make informed decisions on modifications to course content, emphasis teaching methodologies, and improvements in student learning.

Course Description

This course provides opportunities for students to apply knowledge gained from Curriculum Development and Implementation I and develop skills in planning developmentally appropriate learning experiences for young children from birth through age eight, including young children with special needs. Learning experiences will cover all content areas including literacy, math, science, social studies, health/wellness, the arts, and adaptive skills for children, birth through age eight. Co-requisite: ECME130. NM Common Course Number: ECED2162.

Course Learning Outcomes

This course is part of the articulated Universal Catalogue of Courses for Early Childhood Education in the State of New Mexico. The following objectives are taken from the New Mexico State Department of Education's Common Core Competencies for early childhood professionals. Upon completion of this course, students will be able to demonstrate the following competencies at the established level of proficiency:

1. Provides a variety of activities that facilitate development of the whole child in the following areas: Physical/motor, social/emotional, language/cognitive and adaptive/living skills.
2. Develop, implement and evaluate an integrated curriculum that focuses on children's development and interests, using their language, home experiences, and cultural values.
3. Provides and uses anti-bias materials and literature, and experiences in all content areas of the curriculum.
4. Create and manage inclusive learning environments that provide individual and cooperative opportunities for children to construct their own knowledge through various strategies that include decision-making, problem solving, and inquiry experiences.
5. Demonstrate understanding that each child's creative expression is unique and can be encouraged through diverse ways, including creative play.
6. Plan blocks of uninterrupted time for children to persist at self-chosen activities, both indoors and outdoors.
7. Demonstrate understanding of the influence of the physical setting, schedule, routines, and transitions on children and use these experiences to promote children's development and learning.
8. Use and explain the rationale for developmentally appropriate methods that include play, small group projects, open-ended questioning, group discussion, problem solving, cooperative learning and inquiry experiences to help young children develop intellectual curiosity, solve problems, and make decisions.

Assessment Methods

- 100% Portfolio Assessment which includes:
 - 10%-Table of Contents/organization
 - 50%-Activity Log Observation Summary-70 hours in classroom
 - 10%-Resume/Philosophy statement
 - 10%-Early Learning Standards are documented
 - 20%-Cooperating Teacher Evaluation Forms

	Pre/Post-Test	
Pre	N/A	###
Post	N/A	###

Grade Distribution

The ultimate outcome for this course is to complete 70 hours of observation in an early childhood setting. Also must complete a Portfolio with a C or better.

Grade Distribution																			
Beginning Enrollment:												*Percent Retention							
6												100%							
Courses	A's	B's	C's	P's	F	W	S	U	Total	%A's	%B's	%C's	%F's	%S's	%U's				
3	1	2											30%	35%	35%				100%

* Students earning A, B or C, S grades

COURSE Competency Rubric

Overview & analysis of the outcomes can be documented here.

Course Learning Outcomes/Competency

CLO's/ Competencies

List CLO's/Competencies Ex: 1. Demonstrate

RUBRIC

- *5=Excellent
- *4=Good
- *3=Average
- *2=Unsatisfactory
- *1= Poor

CLO	Students						Avg
	A	B	C	D	E	F	
1	4	5	3	5	3	5	4.2
2	4	4	3	5	4	4	4.0
3	3	4	4	4	3	4	3.5
4	4	5	3	5	3	5	4.2
5	4	5	4	4	4	4	4.2
6	4	4	3	4	4	5	4.0
7	4	5	3	5	4	5	4.3
8	4	4	4	5	4	5	4.3

Conclusion

In this course every student averaged above a three in the Course Competency Rubric. Five out of six averaged above a 3.5 (average to good) in the competency rubric. The data also shows that three out six were averaging in the good to excellent category.

In the course outcome data seven out of eight competencies were met with an average of four or better.

Competency three is the one that needs additional support.

Every student completed the course with a C or better.

The retention for this class was at a 100%
