

## **Course and Program Credit Assignment**

Luna operates on a semester credit hour system. Therefore, course credit offered by the college is awarded in terms of semester credit hours. Each semester hour of credit in a lecture class requires a minimum of 750 minutes of instruction per semester. Each semester hour of credit in a laboratory class requires a minimum of 1,500 minutes of instruction per semester. The credit value in semester hours for each course is indicated after the course number and title in the course description section of the catalog. Summer courses and courses meeting for a shorter or longer period of time than a traditional 16-week course may require an adjustment of instruction time to meet the minimum required minutes. All Associate Degrees must be at least 120 semester credit hours.
