

## **Luna Community College Reaffirmed by ACBSP**

**OVERLAND PARK, KS, USA (12/17/2024)** — The Accreditation Council for Business Schools and Programs (ACBSP) [www.acbsp.org](http://www.acbsp.org) Associate Degree Board of Commissioners has reaffirmed accreditation of the business programs at Luna Community College in Las Vegas, NM.

With more than 30 years of promoting excellence in global business program accreditation, ACBSP was the first organization offering specialized business accreditation for all degree levels, from associate to baccalaureate to doctoral degree programs. ACBSP accreditation certifies that the teaching and learning processes within the business degrees and programs offered through Luna Community College meet the rigorous educational standards established by ACBSP.

Based on the Baldrige Education Criteria for Performance Excellence, ACBSP accreditation evaluates aspects of leadership, strategic planning, relationships with stakeholders, quality of academic programs, faculty credentials, and educational support to determine whether the business programs offer a rigorous educational experience and demonstrate continuous quality improvement.

The business programs at Luna Community College were first accredited by ACBSP in 2014. The institution is required to go through the reaffirmation process every 10 years to maintain ACBSP accreditation.

“Luna Community College has shown its commitment to teaching excellence and to the process of quality improvement by participating in the accreditation process,” said ACBSP Chief Accreditation Officer Dr. Steve Parscale. “This reaffirmation of accreditation is evidence that they are committed to maintaining the highest quality business education for their students for the next 10 years, just as they have done since 2014.”

“It is a collective goal that Luna Community College School of Business continues to maintain a high standard of quality education,” stated Director, Tycie Jackson, “and we hope to offer even more diverse, high-demand certifications in the future.”
