### Share Your Luna Story!

We want to hear how Luna Community College has impacted your life! Whether you're a student, alumni, faculty, or staff member, your testimonial (50 words or less) can help highlight Luna's vital role in our community.

Email your story to [exadmin@luna.edu](mailto:exadmin@luna.edu) by **Monday, February 17**—your voice matters!

## ***Luna Community College – Fueled by Resilience, Focused on the Future!***

Luna has endured the Hermit's Peak/Calf Canyon Fires,  
the resulting flooding in 2023 and 2024,  
and accreditation challenges.

Through it all, we remained steadfast in our mission to serve the students and communities of northeastern New Mexico.

Now, we are ready to transform our resilience, commitment, and strength into **new opportunities for students and the communities we serve**. Your support helps ensure that Luna continues to provide quality **education, workforce development, and essential resources** to our region.

### ***Technology to Support Students***

Whether through direct funding to Luna Community College or through the **Collaborative for Higher Education Shared Services (CHESS)**, your investment supports students across northeastern New Mexico. Upgrading our **Student Information System** is already improving access to services and financial aid. Now in year three of a six-year transition, this initiative is maximizing resources—putting more money into student education and support, and less into administrative costs.

### ***Support for Basic Needs***

Yes, we have overcome immediate crises. The fires are out, water rationing has ended, and Luna is off probation! But for many of our students, employees, and families who lost their homes and livelihoods, the impact remains. **Supporting funding for basic needs—food security, housing assistance, and mental health services—is an investment in student success.**

***Support the future of students and communities in northeastern New Mexico.  
We are prepared to reach new heights.***
