1				<u>LUNA COMMUNITY COLLEGE WELDING EQUIPMENT BIDS</u>				
2				<u>RFB LCC-2023-002</u>				
3	OFFICE USE							
4							DATE	January 9, 2023
5	Luna Community College in Las Vegas, New Mexico is seeking Competitive Sealed Bids to purchase equipment to be used by the Welding Program at LCC.							
6								
7								
8								
9	Each item must be considered a combined unit, i.e. you can not bid on a welder and not the torch. This equipment is for instruction therefore, both the function of the equipment and the "brand" of the equipment is required. Because of the volatility in the design and manufacturing of some of this equipment, we realize there may be newer models with different part numbers. These types of substitutions are allowed but must be noted. There is space to include the substitutions and items that are needed to enable the equipment to function. The total submission can not be an "ALL OR NOTHING" bid and the pricing must be valid for 30 days. LCC reserves the right to accept or reject any or all bids based on product specifications, pricing terms and conditions, availability, shipping and handling charges, and budget availability. All bids must be computer generated or in black ink if hand-written.							
10								
11								
12								
13								
14								
15	Any inquiries or requests regarding this procurement should be submitted in writing to the Procurement Officer. Bidders may contact ONLY the Procurement Officer regarding this procurement.							
16								
17								
18								
19								
20	Bids must be submitted on this document. Bids must be returned in a sealed envelope addressed to the LCC contact listed below and must indicate RFB LCC 2023-002 on the envelope. Please note on the envelope "DO NOT OPEN" to ensure that it remains sealed. Bids must be received by 3:00 pm on January 23, 2023. LCC anticipates making award on January 31, 2023.							
21
