

CELEBRATE NATIONAL LIBRARY WEEK APRIL 7-13, 2019

“In addition to providing communities with access to ideas and information, libraries play an important role in our public life by encouraging creativity, promoting equality, and serving as a source of empowerment. This week, and every week, library workers deserve our support and our gratitude.”

– **MELINDA GATES**
National Library Week Honorary Chair

To celebrate National Library Week, the Learning Resource Center encourages all patrons to return overdue materials, and all fines will be waived.
