Nursing Program Curriculum Map

This curriculum map is designed to show how program learning outcomes are introduced, developed, and mastered across courses in the program. Use the following guidance when completing or reviewing the map:

Introduced: Indicates the course provides students with their first exposure to a concept or skill. At this stage, students are expected to demonstrate only a basic understanding.

Developed: Indicates that students gain more in-depth knowledge, practice, and reinforcement of the concept or skill. Students are expected to begin applying what they have learned with increasing independence.

Mastered: Indicates that students can independently and skillfully apply the outcome, demonstrating a high level of understanding and competence appropriate for graduation and entry into the workforce or a 4-year institution.

General Education Essential Skills

Each degree program at Luna contains an integrated core of general education (Gen Ed) requirements. This core ensures that Luna graduates possess the expected literacy and general knowledge to function well in the workforce, to pursue further education and to participate in the cultural and political life of the local community and the larger society.

Courses are listed in rows and PLOs are in columns	Engage in professional nursing practice that is patient-centered and culturally appropriate for individuals, families, and communities.
